

Hi Liz!

I just wanted to email you to give an update on baby Chloe. She is doing wonderfully and we all love her so much. She is closing in on 4 lbs. according to the veterinarian, is sleeping through the night most nights, and absolutely loves playing with the "milkshake" you gave her and her new toys here at the house. She is going to Grandma and Grandpa's daily while Mom goes to teach and loves sitting on Grandpa's lap while he is typing. She wants to be friends with Fluffie, but Fluffie is still a little confused and blows Chloe off. :) Hopefully someday! Potty training is going very well, and she has started to grab her leash off the door knob to let me know she wants to go outside! Only problem is lots of biting and hanging on to pant legs/snatching our shoes, but we think she is getting the idea that we only chew on our toys! She loves to play in the leaves and run around in the grass. I am attaching some pictures of her for you to see! Hope all is well with you...thank you again for our beautiful puppy.
